Your doctor has made an outpatient referred for you to the independent Stoney Creek Medical Center, specialists in Cardiology and Internal Medicine. While his office will contact you, we recommend that you call the office in 1-2 business days if you do not hear from them.

The clinic is situated at 70 King St. E., Stoney Creek, down the street from the St. Joe's Urgent Care Centre. It is on the corner of King St. and New Mountain Rd.

If, before your appointment, you think you are getting worse, please return to the Emergency Department for reassessment. Make sure you have discussed this and any other questions you have with the ER doctor or Nurse before you leave the ED.

Your family doctor is the best way to access medical care and acts as the central person in your overall healthcare. If you do not have a family doctor, we strongly advise you to get one. You can find help at [www.niagaradocs.ca](http://www.niagaradocs.ca) or by calling Healthcare Connect Ontario at 1-800-445-1822. You can also call 211 during business hours for information from the Niagara Region about support, including getting a family doctor.
